EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Joseph Roediger on 03-31-2004.

The application has been amended as follows:

In the claims:

Claim 1, line 1 – change “which comprises” to --for storing cremation ashes, said urn comprising--;

Claim 1, line 3 – after “therein” insert --for storing the cremation ashes--; and

Claim 5, line 1 – change “a” to --said--.

2. The following is an examiner's statement of reasons for allowance: Regarding claim 1, Robinson (US#6520606) discloses in Fig. 2 a decorative urn for storing cremation ashes, the urn comprising: a base section 20 having a top surface 33 and a cavity therein 26 capable of receiving a receptacle for storing the cremation ashes; a housing 50; engaging means 53 for removably supporting the housing on the top surface of the base; and a port 72 formed in the housing for communicating with an external fluid (water) reservoir (col. 4, lines 51-53). Robinson fails to disclose or suggest the following: 1) the fluid reservoir located in the housing; 2) the port being centrally located; and 3) a wick assembly removably located in the port and

communicating with the fluid reservoir wherein the assembly receives a wick therein for drawing fuel from the reservoir and sustaining a lighted flame. It would not have been obvious to one of ordinary skill in the art to modify Robinson such that the fluid reservoir was located in the housing, the port was centrally located, and a wick assembly was removably located in the port and communicated with the fluid reservoir wherein the assembly received a wick therein for drawing fuel from the reservoir and sustaining a lighted flame.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
